“ It is with heavy heart to learn you have passed Doc. You were and had always been an inspiration figure in my chiropractic journey. I have been learning from you since 2nd quarter in chiro school; and 10 years later I am still learning from your advanced extremity notes last week. You have always been there for us when we hit tranches in case management. I still remembered the time you got back to me about the TMJ patient management while you were out in the woods hunting. You were a teacher, a mentor, and a friend. Your dedication, commitment, and passion for Gonstead Work have helped raised the standard of our technique and profession. I was honored to learn from you. Your legacy will carry on. Sleep well and you will be missed, Doc.

“ Such a giving man, and mentor. Our students at Life will forever be grateful for the time he devoted to the Gonstead club. We all loved hearing him speak. He shared and shared again without reservation. I know I am blessed for having known him.

“ I was shocked and saddened beyond words to receive this news. To Janet and family, I pray for you and send my deepest condolences. At our UAC group, Mark was always a bright light spreading joy and wisdom. I could never tell which he enjoyed more, teaching or learning. He was brilliant at both. Mark was a rare breed. He was a master who deeply understood and loved the principles of chiropractic. We spent many hours discussing them. He reaches back to a great past in this profession and has certainly moved mountains to create a brighter future for us all. I'm breathless when I think about how much I'll miss him.

With sympathy and sadness,

“ Janet & Family...I so sorry for your loss. Mark was an amazing man! Yes, he was a Chiropractor/Teacher/Lecturer but, the legacy he has left was that he was a caring, loving & amazing human being. There are no words big enough to totally comfort you at this time but just know, he was fondly thought of by many people. If there is ever anything we can do for you, all you need to do is ask.

“ Janet, I extend heartfelt condolences to you as well as to Mark's children. I can only imagine your profound sorrow with the loss of your husband. I am still having a difficult time processing Mark's passing. I have fond memories of his help for two of my children Katherine and Michael as well as providing expert care to friends that I brought to the clinic. I was at the clinic for Mark's extremity seminar and I learned a great deal. Despite having moved to Chandler, AZ in May 2017, it really seems as though it was just last week that I enjoyed interactions with Mark when I

accompanied Katherine or Michael with their office visits. Our Lord gifted Mark with many talents and he used them to his fullest capacity. I would like to think that God has told Mark that he has done well as a faithful servant. Our profession has suffered a profound loss as well. It is my hope that his memory will live on for a very long time. I thank you and Mark for the kindness that you had shown me. All of you will be in my prayers.

Eternal rest grant unto Mark, O Lord, and let perpetual light shine upon him. May his soul and the souls of all the faithful departed, through the mercy of God, rest in peace.
Amen

“ On behalf of each and every member of the Gonstead Clinical Studies Society, I'd like to reach out and offer our condolences to the Werking family on this tragic loss. Dr. Mark Werking was one of the kindest, brightest, hardest working, men in our profession. He was a friend to all he met, was always (and I do mean always) there to help a fellow chiropractor and was a shining example of a true gentleman. He touched the lives of tens of thousands of people and made this world a better place. He will be dearly missed.
