“ *I will always remember the fun times Edna and I had. Many great memories. We were the practical jokers in our day and we would sit and laugh about all the stuff we did and it was all clean fun. Edna was always one for thinking up ways to jump out and scare me. I can remember one time she hid in a little attic cubby hole I had that lead up to the apartment building we lived in and as I was walking up to open my door she sprung forward and honestly scared the crap out of me and I remember all we could do was laugh about it till we had tears running down our faces. She will be missed so much but never forgotten. Love you my cousin Edna and I will see you again one day. <3*
