“ Greg, my most fondest memories are you talking about Wynn. He is the light of your life that kept your heart going while it may have been failing. He is your heart. I also loved talking smack to you and vice versa. You were and will always be a great dad. I'll miss seeing you and laughing out loud when you pick on me. ❤️

*Please say it isn't true Softy. I will miss our long late night talks going down memory lane. You were so funny when we were kids and had such a bigger than life personality. I love you softy until we meet again one day.*
