“ *I don't know where to start but when I was born you told me that you wished that I was a boy because you wanted a little brother. We grew to be very close with one another, you showing me how to fight and how to protect myself. When you went to the Army I was very sad but knew that is what you wanted to do. I had always asked you for a racing car track for Christmas but you never got it because you told me that I was a girl and I didn't need that. LOL I will always remember our long talks and drinking our Heineken Beers together. I wish that I was able to see you in person one more time before the Lord called you home but I know that you are with mom now and you are safe. Fly high, Juny I love you and I will miss you. Until I see you again. Love, your baby sis, Renee*
