“ *When you think of fun; think about Jones. A funny and fun person to be with. He's one those people you love being around. When you are troubled he help deal and give purpose to live. My "cousin" was just a wonderful person for; and yes he'll be missed. But I can carry those days of laughter and moments of peace and understanding. To the Douglas Family hold your head up and look to the stars, which are heaven and know that God has granted Jones Sr. total peace. Betty your faith will guide you and God will hold your hand and wipe your tears. To his "Wife" your prays have been answered and guide will provide your comfort and peace.*
