“ *Kathy was an amazing woman. She was one of the hardest workers I have ever known. She was the first person to lend a hand to anyone in need, strong in her beliefs and real. It was a privilege to work with her, get to know her and be able to call her my friend. Love and prayers to her friends and loved ones.*

“ *Kathy i have thought about this for days now. You me and Kari all our kids around same time. You taught me how to drive and I remember at age of 16 you save me and Kari's butt. You were always there for us and you were the big sister I never had growing up. I have thought have you often over the years. I am sorry I have not reached out more. Love you*

“ Sometimes things bring me to my knees in prayer. Finding this out days after due to taking time off to prepare for Winter. You will be missed Kathy. You always dropped everything to listen. You will always be missed by me and so many others.

“ Kathy's family - I am so very sorry for your loss. I pray that you find some peace and comfort knowing the impact that Kathy had on so many people. I was fortunate to have worked with Kathy for many years at Cat, and there was nothing that she would not do to help you out if you needed it. Her smile, her knowledge, and most of all her kindness will be greatly missed.
