“ My sweet big brother, I miss you more everyday. all I have is memories of you. I constantly reminded of you. Your laughter is something I will forever cherish in my mind. The void left from you being gone too soon is massive. I am bringing your nephew into this world without you. It is beyond sad but I will forever keep you present in our life. My child will know who his uncle Kevin is and how wonderful he was. We will forever love you and remember the beautiful amazing soul you possessed and the joy and laughter you brought to everyone you knew. I love you and miss you more than words can ever explain. Love you forever till we meet again Bub
