“ *~~~~~ This man was my Bestie, and that's what we called each other. I'm so grief struck. I'm just finding out 6months after he has passed. We talked at least 2 - 3 times a month because he got busy and working out of town then went to work at Costco. Are schedule was so hard to get together. But he was always wanting to come get me for all his cook outs. I'm going to miss my bestie ~~~~~*
