“ I’ve done Larry’s taxes for many, many years. Friendly, appreciative, hardworking, nice man. Deepest sympathy.

“ Larry was my Field Training Officer when I joined the PPD in 1975. I not only learned the basics but that sometimes there was a gray area instead of black and white! Tough on the outside but not a better person alive! RIP Sgt Bristow and good speed! 🙏💙💙💙💙

“ I remember Larry as a Pontiac Police Officer. He came in my place of employment at the Coffeehouse years ago (currently the recycling center on Rt 66). Larry had a heart of gold under his gruff surface. I saw Larry briefly about a month ago and he said he had something going on health wise, but wasn't sure of test results. I gave him a hug and wished him luck. I'm glad I did. RIP dear friend.
