“ To my Aunt Lori—  
Growing up, your home was a second home to me. Some of my favorite memories that I will hold close to my heart.....  
Coming to work with you at the law office, making Christmas treats/candy, watching Charlie Brown, Playing games/cards “31”, mancala, & old maid, making videos on your camcorder during our family gatherings, and so much more. Thank you for being there for me this past year and helping me through the loss of my mom (your sister)   
Now you both can dance and cause trouble in heaven together!  
Prayers and strength to my Uncle Greg and family 💖✨
