“ Sharon was so much fun to be around. When she called to tell us she had cancer she asked that we pray for her, she told me she was praying for my dad. Now they are both enjoying heaven together..Although she is out of pain our hearts are heavy! It was a pleasure to meet her and enjoy the times we got to spend with her. RIP Sharon the memories you made while you were here will last us till we meet again.

“ Sharon was a great human. She always made me laugh with her stories and she always made me feel loved. We worked side by side for two years before she retired, and she trained me for her job. She also shared a birthday with my twins. If you ever needed something she was always willing to help. Just as she and Aaron did with donating two of their recliners for my Grandparents. She text me asking for prayers after her diagnosis, it felt like a punch in the gut knowing what she had. I prayed hard for Sharon and the family. She will be greatly missed. But we know she is dancing in heaven now. R.I.P. 💕🙏
