“ *Shawna we loved you and we will never forget your sweet presence on this earth.*

There are givers and takers and you were certainly a giver. For a child with such a difficult life, you always seem to triumph like a saint. Your sweetness was so genuine and you were always grateful for everything.

I saw a picture of an angel and beneath it were the words, Gratitude turns what we have into Enough! I believe that was your slogan in life.

We miss you and know that you are in a better place.

You had faith in God and he created you for a purpose and we all learned from you how to give rather than take by your example.

Love Aunt Jane

“*Shawna Lynn Olszanowski, you were one of the most precious human beings that I have ever known! I am so glad we were able to get to know one another even 900 miles away!! I always will remember you as a sweet and caring precious child while growing up! You never gave anyone trouble but when they were in trouble you were always there for them!!! We loved your laugh and your spirit for life!! You were so strong for a few years doing your own dialysis at home and never complained. You just wanted to be loved like all of us do and you spread your smile and kindness to all around you! Those who didn't respond to your love, it's too bad for them! What a gentle soul!!! There is a saying that described your Grandmother Eaton perfectly and describes you: "There is nothing so strong as gentleness And there is nothing so gentle as real strength." You had a strength that was indescribable my dear Niece and you taught me so much the past few years! Your last few texts were "Thank You! Always so appreciative! I will love you and keep you in my heart forever!!!!!! May you walk with the Lord in Peace and Happiness, because that is all you ever wanted in this life!!! Love Aunt Janet*
