“ Boy...where do I begin. I got hired in the houses at EPIC. Saw her every so often, a few years later a position came open in nursing to take the clients to their Dr appointments. She got me that position. I swear to you there never was a dull moment with her. Loved every minute of working with her. Boy the stories I could tell...then I got hurt and that was the end of my job. But Tammy absolutely LOVED those people at EPIC. She had a heart of gold. I miss her all the time. Glad we were able to spend some time with her before she left us! We love you Tammy....until we meet again...💔😭

“ *Tammy was such a bright light for people with cognitive differences. She was one of the best advocates for EP!C and the people she supported. Tammy treated people like people and they were all an extension of her family (both the individuals and co-workers). Always a joy to be around and so dedicated to her work. She truly touched and changed lives. - The staff, individuals and family members of EP!C*

“ I remember Tammy from UFS where we were co-workers (back in the 2000's), she was such a sweet person to be around! I also worked with her sister(s) and had the pleasure of becoming friends with her Mom as well. My heart and prayers go out to her entire Family upon their immense loss. Rest easy my friend until we meet again.

I remember the day Tammy came to PARC (Epic) looking for a job....when I i interviewed her there was something that just said ti me that she was the person dor the job!!! So i gired her and I was so glad I did!! She drove a bus until retired...she then went and worked transporting the people we serve to doctor appointments. Tammy always stood up for what she believed but with kindness.I could go on with many great stories,but at this time I want to send my thoughts and prayers to all of her family. Hugs to all...Sandi or as Tammy always called me..Boss!!
