“ *My Mom was a devoted wife and mother. She was always a part of my life, always there when needed. She was a Cub Scout den mother, she typed papers for me when I was in high school, she helped me refinish an old drawing table, and she sewed a down vest for me when I took my first ski trip in college. When I moved west to Washington state in 1981 she wrote weekly letters for years until cell phones came along and we spoke weekly. She never missed a birthday. Mom and Dad traveled out west every year to visit my family until age and health made that too difficult. She was there for highs and lows. She traveled west to watch my 1st son the week my 2nd son was born. She and Dad traveled west when my boys got married and we met up numerous times at various places for vacations. She also traveled west to help out during the most difficult time of my life after I had major surgery. Her actions and loving support throughout her life showed me how to be a great parent. I love you Mom. I will forever miss you.*

“ I'm Margie's sister in law. There was a Christmas family photo in the 90's I think, and Ginny insisted that my suit needed pressed so she pulled out the iron and pressed me out. Not sure if she did the same to the boys, but that photo is on my top list of family photos. Thank you Ginny for that ironing job. Love you, love to all. Gail

Mom spent many hours ironing and singing show tunes in the basement. We were always well pressed!

Dear Tom, It's been a number of years since you and Ginny left Michigan, however, I would recognize both of you at first glance - you both aged well! The family pictures do bring back memories and I'm happy you chose to introduce you family this way. I'm saddened to hear of Ginny's passing. I believe that she and my sister, Carol (Jan. 9, 1936 - Apr 24, 2023) kept in touch in the early years of raising their families. I agree that Ginny was a beautiful and stylish woman. She was my inspiration for how to dress my paper dolls for all occasions courtesy of the Sears Catalog! She graciously tolerated my frequent presence at the farm house to play with the cousins. Her upstairs bedroom always appealed to me and was lovingly decorated. Tom, I think your mother helped settle my decision to become a nurse. Whenever my parents and I visited the Shelby Hospital, she would sneak me down halls and around corners to visit the nursery because I loved seeing the babies. She also took care of me after an appendectomy (age 14). She offered me medicine to lessen my coughing after surgery. It didn't take much pain to make me cry!! A dear and kind hearted Lady. Janet and I keep the phone line open between WI and CA especially on our birthdays to remind each other how old we're getting. Neither one of us travel well anymore and will miss visits with our "big" sisters.
